

Annual Report – 2022 – 23

1. This is the time to say what we are – Before going to report this year's curricular and co-curricular activities, I would like to recall our **covid time education** – This was a great experience with small kids and young mothers. We started online classes on 1st July, 2020 and ended in the month of December, but for lower class it ended in the month of March. As the covid effect continued...so again the online classes started on 1st week of June with full fledged staff till 30th Oct, 2021 and from there onwards offline classes started, Total – in 1-1/2 year we gave 1498 online classes from Grade 1 to Grade 8th, this was appreciated by parents and also by department. During this period our kids and parents supported us and actively participated in all the events conducted online and enjoyed the use of technology.
2. During this COVID period we simultaneously started **construction** of this building in the month of Nov – 2019. This almost took 13 months to complete this building, during this period we would never forget to remember many helping hands.....that supported us, who helped us financially, who built moral support in us, who walked with us....., Thank you every one for supporting us...
3. **Growth of our school** – We had 87 students in the year 2017-18, and next it increased to 163 in the year 2018-19 and in the 3rd year 2019-20, it was 250 students and during covid period 2020-21 it was 270 and 2021-22 it was 280.. but this year it is 370 students.
4. **Facilities –**
Spacious Classrooms, Vast Play Ground, High Definition 35 IP cameras in whole campus, Library with more than 1500 Heads, Composite Science Lab, Maths teaching Materials, More than 100 charts for Social, Projector, Swimming Pool, Public Address System
